

O'REAR TO DEFEND WALLACE CONTEST

Four Democrats and Three Republicans To Hear Testimony—The Legislature

Frankfort, Jan. 6.—At a meeting of the House Committee on Agriculture held Thursday afternoon at the Frankfort hotel, it was decided unanimously to give a favorable report on the Bright cooperative marketing act which had passed the senate earlier in the day by a vote of 32 to 0.

R. M. Amos, of Logan county, republican, offered an amendment, designed to extend the provisions of the bill to cover cooperative banking facilities in the society authorized by the measure. However, after a discussion, he was persuaded to withdraw his amendment and to present it in the form of a separate bill. Mr. Amos declared that the Federal Land Bank and other agencies were unable to extend to the farmers adequate relief, and that facilities to borrow money on crops are not sufficiently developed.

The House will be in session today to receive the committee report and to give first reading to the bill. The Senate after passing the tobacco growers' measure, adjourned until Monday afternoon at 1 o'clock. It was announced that Aaron Shapiro, who is to explain features of the bill, will postpone his appearance until next Tuesday, the date on which it is anticipated the measure will become a law by passage in the House, and by being signed by Governor Morrow.

The first move to shift some of the burden of taxation off the agricultural sections of the state was taken in both houses today. In the Senate, Senator Henry S. Caywood introduced a resolution calling on the State Tax Commission to furnish figures by all counties to show the increase or decrease of assessment on lands between 1917, when the present tax law was adopted, and 1921, and also to show the percentage of increase or decrease in that period. A similar resolution was brought into the House by Representative H. D. Smith, of Hopkinsville.

Senator Caywood said that while some of the farming communities have increased their taxes as high as 100 per cent or more, and while some of the mineral sections of the state show large increases, others, especially in the mineral portion, do not show much of an increase and that the legislature is entitled to get all possible information from the State Tax Commission, both from agricultural, mixed farming and mining, and those communities mainly devoted to mineral operations.

Contest Committee Session
The special committee of the House, of which H. C. Duffy, of Cynthia, will be chairman, will meet at the close of the session Friday. Mr. Duffy said, to begin the trial of the contested election in the Breathitt-Lee district. It may be necessary for the committee to go to Jackson, Mr. Duffy said.

Action by the Senate committee, which is to try the suit filed by R. C. Oldham, of Richmond, democrat, against Senator William Wallace, republican, elected at the special election December 24 to represent the 29th Senatorial district, Madison, Estill, Rockcastle, Owsley and Jackson counties, also is anticipated soon. Mr. Oldham arrived here Wednesday with voluminous proof and precedents. He has engaged several attorneys to represent him. Judge E. C. O'Rear may defend Senator Wallace, while Beckham, Hamilton and Beckham may appear for the contestant. Four democrats and three republicans compose the committee whose findings will be reviewed by the entire membership of the Senate.

The election of county school superintendents by the vote of the people is provided in a bill which will be introduced in the House of Representatives by O. A. not popular with the people, according to Representative Denton, who believes that the people want to have a voice in the election of county school superintendents.

The bill gives the superintendent the right to appoint two examiners, who with the superintendent, would compose the county board of education.

Other bills which Representative Denton will introduce provide for abolishing the office of county trustee and give county and magistrate courts jurisdiction over violations of the attendance law.

Senator Wm. A. Perry, Louisville, introduced a resolution that seven Senators be appointed a commission to consider the contest against Senator William L. Wallace, Richmond, by R. C. Oldham, Richmond, defeated democratic candidate, and to report back to the Senate.

The committee consists of Senators J. R. Welch, Nicholasville; B. L. Davis, Hickman; F. E. Daugherty, Bardonia; Griffith Kelly, Mayfield; F. M. White, Hopkinsville; Herman Monroe, Louisville, and A. A. Demmling, Mammoth Cave.

BARTLETT JONES DIES SUDDENLY

Bartlett Jones died suddenly at his home in Louisville, Dec. 27, 1921, at 8:50 a. m. of a stroke of apoplexy. He was born May 13, 1854. Mr. Jones was one of the oldest employees of the L. & N. Railroad Co.—had been working over 45 years for the same company, 28 years as a locomotive engineer. He had an enviable record with the L. & N. system as he had worked this long span of years without one demerit made against him. Mr. Jones was a native of New Albany, Ind., and is survived by his wife, who, before her marriage was Mrs. Eva B. Conner, a daughter of James Conner, who was associated with his father, Capt. Thomas Conner, who owned and operated the New Albany and Portland Ferry during Civil War days, before there was a bridge across the Ohio river at Louisville. Mr. Jones is also survived by one daughter, Miss Virginia Lee Jones, of Louisville, one son, Earl B. Jones, who is employed as locomotive engineer with the L. & N. at Ravenwood, Ky.; two brothers and one sister, Mr. Sam D. Jones, of Greenville, Miss.; J. Wilton Jones, of New Orleans, La.; and Mrs. Hubert Ward, of Sarnia, Ontario, Canada.

DE VALERA RESIGNS IRISH PRESIDENCY

Crisis Comes In Sinn Fein Affairs When Chief and Cabinet Quit Over Treaty

Dublin, Ireland, Jan. 6.—It is officially announced that Eamon De Valera has resigned the presidency of the Irish Republic. Reports said the Dail is hopelessly divided over the Irish treaty. At the afternoon session of the Dail it is said the split over the treaty is fundamental and irrevocable. It was also announced that the cabinet had resigned. One delegate just before the session was resumed said he feared civil strife might ensue from the division of the country on the treaty.

De Valera in announcing his resignation, said one section of the cabinet stood for preservation of the republic and the other section for quite another plan. There never would be peace, he said, until the principle is recognized that the Irish wanted to live their own lives without the imposition of outside authority.

De Valera also told the Dail he would offer himself for re-election as President and would stand on the principles of 1916. He said he must have a cabinet which thought as he did and would demand that all resources be given to defend the republic.

Dail To Vote Saturday

London, Jan. 6.—The Dail is expected to vote on the Irish treaty tomorrow, according to a Central News dispatch.

SUPERSTITIOUS MAN OPENED CHILD'S GRAVE

Winona, Minn., Jan. 6.—Police today withheld a decision as to whether they would open the grave of Miss Frances Bloch, daughter of Mr. and Mrs. Thos. Bloch, to a certain it was determined in a superstitious belief that such an action would end a long series of deaths in the family. After Thomas Bloch admitted opening the grave of his daughter and son Joseph, to confirm certain "omens." When he opened the grave, he said, he found nothing but bare skeletons. He denied his intention was to sever the link from his daughter's body and place it at the foot of the coffin in a superstitious belief that the spirit of his daughter was responsible for the death of her brothers. Since her own death five years ago.

MARKETING BILL BREAKS ALL RECORDS

Frankfort, Ky., Jan. 6.—When the "Bingham Co-operative Marketing Act" is written into the laws of the commonwealth, the 1922 session of the legislature will have broken all previous records for speedy action in the opening hours of the General Assembly.

Declining to adjourn immediately after organization in order to work out the committee assignments as is the usual custom, the legislators have stayed by to rush through the bill that is characterized as the greatest farmer aid bill of the last century. The act in all probability will be ready for the governor's signature early next week.

While primarily the bill is for the safeguarding of the interests of the growers and others concerned in the newly organized barley co-operative marketing association, it ultimately will embrace all forms of co-operating marketing of agricultural products. The preamble sets out that it is "an act authorizing the formation of non-profit co-operative associations, with or without capital stock, for the purpose of encouraging the orderly marketing of agricultural products through co-operation."

In compliance to Judge Robert W. Bingham, owner of the Louisville Courier-Journal and Louisville Times, the new bill will be introduced and cited as "The Bingham Co-operative Marketing Act." It was through the efforts of Judge Bingham that the barley association came into being and he has been instrumental in promoting the work of organization.

The policy of the association organized under this act will be to "promote, foster and encourage the intelligent and orderly marketing of agricultural products through co-operation; and to eliminate speculation and waste; and to make the distribution of agricultural products between producer and customer and consumer as direct as can be efficiently done; and to stabilize the marketing of agricultural products." The term "agricultural products" includes horticultural, viticultural, forestry, dairy, live stock, poultry, bee and any farm products.

Associations organized under the provisions of the act are non-profit, inasmuch as they are not organized to make profit for themselves, as such, or for their members, as such, but only for their members as producers. Twenty or more persons engaged in the production of agricultural products may form a non-profit organization under the provisions of the act.

Every group of persons contemplating the organization of such an association, it is recommended in the measure, should first confer with the Dean of the College of Agriculture of the University of Kentucky, who will inform them regarding the probable success of such organization, based upon a study of the marketing conditions affecting the commodities proposed to be handled. Appeal also is made to the public interest in the farmer and provision is made to let him reach the same stage of corporate organization as the manufacturer or industrial leader. A high degree of efficiency in the marketing and handling of farm products is urged to take the place of the blind, unsentimental and speculative management of the present. It is for this purpose that the farmers should secure special guidance and instruction from the Dean of the College of Agriculture of the University of Kentucky.

The affairs of association will be managed, the bill provides, by a board of not less than five directors, elected by the members or stockholders from their own number. The association and its members may make and execute marketing contracts, requiring members to sell all or any specified part of their agricultural products exclusively to or through the association or any facilities created by the organization. Provision also is made for the payment of specific sums for the breaking of contracts by members of the association, this to be regulated by the by-laws of the individual associations.

Limitation of the use of the term "co-operative" is embodied in the act and no firm or business will be permitted to use this term unless the provisions of the act are adhered to. Business already so named are given six months to come under the provisions or change the name.

CLOSER CHECK ON BILLS TO CITY

Is Planned By New City Council—City Attorney Also Wants To Save It Money

Purchase of 500 feet of new fire hose, and a move which is designed to secure every economy possible in city expenditures characterized the first meeting of the new City Council Thursday night. It was decided that in the future in addition to the auditing of bills presented against the city at each councilmanic meeting, the bills will be publicly read, so that every councilman may know just what he is voting for.

Every councilman was in his seat when Mayor O'Neil called the meeting to order. City Collector Dykes reported \$272.84 collected in taxes in December. Chief of Police Claude Devore had his check attached to his report showing \$255 collected in fines. Police Judge Murray Smith's report showed \$465 and 40 days sentence assessed against prisoners during December. A summary from Collector Dykes was also read showing tax collections and its distribution during the past year. As the law requires an annual financial report to be published by the city, this will probably soon be done.

Mayor O'Neil read his list of councilmanic committees, as previously announced. The council adopted recommendation of Fire Chief Ben Daugherty for purchase of 500 feet of new hose. Mayor O'Neil said he had sold 200 feet of hose that was unfit for use to a coal mine company at Jenkins.

Street Commissioner Allman recommended the purchase of 50 garbage cans, which were ordered. It was suggested that wooden bottoms be put in the old cans, or holes be drilled in the bottoms of the new ones so that water could drain through and not rot them out.

The street committee was given power to act in this matter.

Mayor O'Neil told the council that Mr. Tobe Hackett has a ton and a half truck that he will sell the city cheap. Mr. O'Neil said he had endeavored to secure one of the government trucks for use of street work in the city. He took up the matter with both State Road Engineer Joe S. Boggs and Congressman Gilbert, but had been unable to obtain anything as yet and felt that the city had little chance to do so, owing to government regulations. Councilman Hamilton said that as long as the city can do without buying a truck the better off it will be, so the proposition went over.

The council voted to rent Chas. Lamb a vacant room over the fire department at \$6 a month, he to paint and paper it at his own expense.

It was decided to check up on the fire plugs and lights in town. The Water and Light Committee will look after this. Mayor O'Neil said he had been informed that there are three fire plugs near the old barrel factory which are not needed, while there are a number of sections which do need them and several sections, which need more light. Former City Clerk W. E. Blanton, who was assisting Clerk H. M. Samuels, said that these three plugs could be moved without hurting anyone.

The Sewer Committee was instructed to investigate condition of a couple of sewers about which there has been complaint. The Street Committee was directed to inspect the rock crushed and see what repairs are needed before spring work begins.

Refund of four months' license was made to the Great Southern Refining Company, for that period before it had started business.

duets exclusively to or through the association or any facilities created by the organization. Provision also is made for the payment of specific sums for the breaking of contracts by members of the association, this to be regulated by the by-laws of the individual associations.

Limitation of the use of the term "co-operative" is embodied in the act and no firm or business will be permitted to use this term unless the provisions of the act are adhered to. Business already so named are given six months to come under the provisions or change the name.

It was said to be favorably received but a decision went over until tomorrow.

BIG BANK FAILS TO OPEN AT ST. LOUIS

St. Louis, Mo., Jan. 6.—The Night and Day Bank with deposits of \$3,000,000, did not open for business today. State Bank Commissioner Hughes said he found an apparent discrepancy of more than \$100,000. It also was said that Cashier A. O. Menninger has not appeared at the bank since Wednesday.

here. Mayor O'Neil brought up the subject of extending the fire zone of the city. Councilman Hamilton asked time to think this proposition over.

The Mayor suggested that the city's bills be read out. He also thought there ought to be a purchasing agent for the city; that is, purchases for the city should be made from one head, so as to make a complete check of expenditures.

Upon motion of Councilman Hamilton, it was voted to make an inventory of the city's property at the pest house.

Councilman Martin's motion that the fire department members be required to wear blue uniforms was defeated. A petition presented by Rev. Gillespie, colored, for grading on Lyndon street, was referred to the Street Committee for action.

City Attorney H. C. Rice suggested that the city ought to investigate charges made by the jailer for detention of prisoners charged with violation of the prohibition laws. He said that the city courts act only as examining courts in such cases and the city receives no fines which may ultimately be assessed. He does not feel that the city, therefore, should be liable for the jail charges of the prisoners, which have amounted to a considerable sum in the past. Mr. Rice declares that the city is not liable for these charges unless it receives the benefits of fines in such cases.

Councilman Hamilton suggested that the legislature be asked to pass a law giving the city final jurisdiction in such minor cases. It was suggested that Mayor O'Neil confer with the mayors of other fourth class cities in the state and see what concerted action might be taken in this matter.

A permit was granted to Charles Ballard, colored, to erect a dwelling on Francis street to cost \$1,200. It will be mainly of concrete.

City Collector Dykes had several minor corrections allowed in the tax books. City Assessor Deatherage was directed to order assessment blanks and books, and after the bills had been audited, read and allowed, the council adjourned.

HERMAN KURTZISCH
Milwaukee, Wis.

"When it comes to eating, working, and sleeping I'm like a different man from what I was a short time ago," said Herman Kurtzisch, 400 1-2 Norris Place, Milwaukee, with the Northwestern Life Insurance Company, in relating his experience with Tanlac.

"My whole system was about to give way as a result of two years' constant suffering with stomach trouble and I was so run down and worn out I was hardly able to work. I actually dreaded to eat, as after every meal I suffered so terribly from heartburn, and I was so nervous I got little rest day or night.

"If it hadn't been for Tanlac I'm firmly convinced I would have had to resign my place. It came to my aid in the nick of time and I am strong for it. Tanlac was worth at least fifty times what it cost me."

Tanlac is sold in Richmond by Stockton and Son and leading druggists.

SHE IS "FULL OF PEP" THEY SAY

She is Good-Looking and Gay and Is Always Ready for A Good Time

Why is a girl popular? Look around and see what a good time the good looking ones have all the time. Men seek them out and ask them to parties, dances and entertainments. And notice that it is not the doll-face type real men like most, but the red-blooded girl with "pep" and happy good nature. Any girl who is tired and languid and has a poor complexion and dull eyes can improve her condition and be far happier if she will simply take Gude's Pepto-Mangan until she has put her blood into good condition. Red Blood means "full of life" and "full of life" usually means happiness. Gude's Pepto-Mangan until she see how much better you feel. Doctors have used it for nearly thirty years for weak, run down people. It helps them get well. Sold in both liquid and tablet form.—Adv.

Two More Feudists Are Reported Killed in Clay

London, Ky., Jan. 5.—A report was brought here from Clay county that two more men in the Martin-Philpot and Benge feud, were killed on Tan Yard Branch. This is denied by Tilford Benge, one of the leaders who recently moved from the war zone.

No Old Women Nowadays

Modern dress, hair dressers, facial experts and cosmetics all combine to keep women of all ages young and attractive in appearance. Not until the telltale wrinkles become so deep, the figure stoops, or some ailment or weakness develops to drag a woman down does she really look her age.

Every woman owes it to herself and her family to keep herself young in appearance, and happy. When headaches, backache or the "blues" develop or when a woman reaches the trying age of forty-five to fifty, Lydia E. Pinkham's Vegetable Compound may be depended upon to keep her in health as it has so many other women whose letters, we are continually publishing in this paper.

Troubles Were Too Many

Bowling Green, Ky., Jan. 6.—James A. Register, a farmer and the recent republican candidate for the legislature, took poison shortly after midnight and died. A statement he left said it was "the end of my troubles, which are many." He leaves a widow and eight small children.

Announcement is made of the arrival of a daughter at the home of Mr. and Mrs. Silas Hubbard, who has been christened Ethel.

The Lancaster Record says: Misses Carolyn Kice and Sam Chenault, two very attractive young ladies of Richmond, have returned home after a pleasant stay with Mrs. Carrie Davidson.

BEST NONE TOO GOOD

"After many years of stomach suffering I have at last found a medicine for that trouble. But believe me, it was a timely find. I couldn't have lasted a great while longer. My stomach would bloat with gas like a barrel and the colics got to be awful. Medicine didn't help much until I got hold of Mayr's Wonderful Remedy which did the trick. I am telling everyone about it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. H. L. Perry and Son, and druggists everywhere. It
